Media Release:

Agreement between GAWB, GRC and AJ Lucas

Earlier today Gladstone Area Water Board and Gladstone Regional Council reached an agreement with AJ Lucas Operations Pty Ltd (collectively 'the Parties') to terminate their contract relating to the construction of water and sewerage infrastructure. A term of this agreement is that the Parties must make joint statements on matters relating to the agreed termination of the construction contract.

This agreement identifies several issues of dispute between the Parties and stipulates a process for the resolution of these disputes which must be concluded within approximately ninety (90) days. Nonetheless, the Parties can reach agreement on all or some of the issues at any time. Communications towards this objective are ongoing and it is anticipated that some issues may be capable of resolution within one (1) week.

An important part of this arrangement is that any monies GAWB & GRC agree to pay AJ Lucas in resolution of any issue in dispute will be applied by AJ Lucas Operations Pty Ltd for the payment of valid and outstanding debts by creditors and subcontractors until such time as they are all finalised.
